

Allison Vargas

SENIOR STUDENT

A Bachelor of Science student and member of the ¡Supérate! program, I have a background in English, computer science, and values. I stand out for being organized, responsible, and eager to learn continuously. I aspire to study Electromechanical Engineering.

SKILLS

I have both soft and technical skills that allow me to function effectively in a variety of environments. I excel at active listening, assertive communication, empathy, and responsibility. I have a knack for teamwork, decision-making, and adapting to change. I'm also organized and fluent in English.
